

Lesley Noel

I started playing golf as a youngster and have had a passion for the game ever since.

- On leaving school I worked as a dental nurse for 8 years before travelling the world with my then husband. Then in latter years
- I took kiwi golf in schools for 15 years.
- Was the Junior Development officer for the BOP in golf where I trained volunteer coaches for the juniors in all club, working with a team of 12 at Sport BOP solely looking after golf in the Bay, over achieving targets set annually. Was responsible to governing bodies but worked on own initiative. (10 years)
- I was the head coach for Special Olympics golf and took athletes to China to the World games.
- Ladies club captain for 2 different golf clubs including the Mount
- Was secretary/treasurer for Otumoetai golf Club for 2 years Prepared annual budgets and accounts. Kept my own books for 8 years.
- Worked for TrustPower in sales Worked with 22 in a sales team and assisted the manager train and supervise them. Prepared cost effective proposals for business customers in the telecommunication field.
- I have my A grade referees badge and District referees badge.

If elected I would work towards making the Mount golf club the most efficient and enjoyable in the Bay for all its members.
