

Hello, my name is **Shawn Crick** and I would be honoured to be your voice on the **Board of Directors**.

My work history includes 10+ years as a top mortgage lender with Bank of America in the US. I also have 5+ years turf management experience. Three of those years were as an assistant greens keeper at Prairie Winds Country Club. I also had over 2 years as the Regional Manager for Lawnfix, Bay of Plenty. I have now resumed my career as a Financial Adviser, with Lloyds Insurance Ltd.

I have played golf at a high level for the past 30 years. Of which included a scholarship to play Division 1 golf for South Dakota State University while attaining my Human Resources Business Degree. I have lived in 3 different countries so I have seen what works for successful golf courses all around the world.

We have the best course in the Bay, and I look forward to being your voice to help continue to make this the most profitable and coveted course in the area!
